DETAILED ACTION

1. Receipt is acknowledged of the amendment filed 02/17/2005.

Allowable Subject Matter

2. Claims 1-4, 6-10, 12-13, and 15 are allowed.
3. The following is an examiner's statement of reasons for allowance: With regard to independent claims 1 and 15, the prior art of record fails to disclose a light emitting diode, configured as claimed, wherein said cathode contact pad and said cathode contact comprised of a contiguous metal lead and said anode contact pad and said anode contact comprised of a contiguous metal lead; a semiconductor die comprising a transparent substrate and a light emitting, wherein the semiconductor die connects to the metal lead frame via at component, least two solder bridges positioned between said anode contact pad and said cathode contact pad over the reflector; and said electrical connection of said circuit board to said semiconductor die being free of wire bond attachment. Claims 2-4, 6-10, and 12-13 depend from claim 1. Therefore, claims 1-4, 6-10, 12-13, and 15 are patentable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
